Improved Liquor Board Website

Please visit the improved Harford County Liquor Control Board website: <http://www.harfordcountymd.gov/lcb/>.

- Using the search tabs on the left side of the page you can easily navigate to the section you need.
- Functions & Regulations tab links to a web version of Article 2B and the most current version of the Rules & Regulations of the Harford County Liquor Board.
- Meetings/Hearings tab lists the scheduled meetings for the next three months and will include a link to the agenda for the next public meeting.
- Bulletin & Recourses: Lists the bulletins published by the board and any attachments.

Stay Tuned... The website is still under construction many more updates and changes to come.

New \$100 Bill

On Tuesday, October 8, 2013, the U.S. Treasury began distributing a new \$100 bill with updated design and numerous new security features. The Board has ordered educational material on the new currency for every licensee and will be distributing that information starting next week. A copy of the information available on the U.S. Treasury website is attached. All previously issued United States Currency remains valid and the new bills will be issued as needed. \$100 bills remain in circulation for 7.5 – 10 years and almost 75% of all U.S. \$100 bills in circulation are in use outside of the United States.

Daylight Saving Time Ends November 3rd

Reminder....Extra hour of sales on Saturday evening, November 2nd, altering last call rules.

- ✓ 2:00 a.m. on November 3rd, the clocks reset to 1:00 a.m.
- ✓ Licensees may then continue selling until 2:00 a.m. comes around the second time.

New Due Dates for Outdoor Events

The due date for Outside Alcohol Beverage Event Applications is going to be moved up to thirty (30) days prior to the event. This will bring the Board in line with other County agencies and allow better planning and coordination between the Board and licensees. The new Harford County Event Routing System has made it easier to insure that outdoor events are in compliance with all County agencies when permits are granted. No permit or prior approval is need if you are utilizing your approved outdoor serving area as that area is considered part of your licensed premise.

Notary Services

Beginning with the 2014 renewal cycle, all Liquor Board employees will be available to provide notary services for license applications and renewals. There will be no charge for this service.

Please be prepared to show photo identification when requesting notary services. State law requires the notary to document how the person was identified.

Alcohol Awareness Training
information is now
available on the website
